*Doing Business* would not be possible without the expertise and generous input of a network of more than 12,500 local partners, including legal experts, business consultants, accountants, freight forwarders, government officials and other professionals routinely administering or advising on the relevant legal and regulatory requirements in the 190 economies covered. Contact details for local partners are available on the *Doing Business* website at <http://www.doingbusiness.org>.

The names of the local partners wishing to be acknowledged individually are listed below. The global and regional contributors listed are firms that have completed multiple questionnaires in their various offices around the world.
